DISCUSSION AND ACTION

1. Approval of Recommendation from the Planning Commission on Town Code 10.26.010 Outdoor Lighting. Ordinance O-2019-13

The mayor explains that the town has previously been thought of as a dark sky community but our requirements don't really reflect that. There is a dark sky website that has some modifications the planning commission has been considering. Councilmember McLaughlin feels like the proposed changes don't cover the commercial lighting issues. He gives some examples of issues the town has with commercial lighting. He mentions the repetitiveness of the code. Councilmember Edwardsen mentions that height requirement for signs should be a consideration and we should ask for signs that sit on the ground.

Councilmember McLaughlin suggests tabling this.

PUBLIC COMMENTS

Mayor opens for public comments

Rich Kopp- He would like the council to take the parking of the RV's case by case instead of trying to write everything into the code. He would like to make sure whatever the decision is it is one that is good for everyone.

Councilmember McLaughlin mentions this can cause problems with enforcing the code. Councilmember Edwardsen mentions that he doesn't know if he likes the idea of RV's in the front yard.

Richard Fischer- He would like us to be careful and not make the town ordinances into something that look like HOA rules.

Rich Ososki- He would like to see the town set a standard with these ordinances. Sometimes it is difficult to get RV's in the back but maybe they shouldn't have purchase that lot if it doesn't meet the lifestyle they want to live.

Margie Ososki- She would like to see all the candidates get together for a meet and greet so residents can ask questions about the flyers that are going around. She would like to ask some questions about comments she found offensive.

Tish Lisonbee- She discusses two rumors going around on two items that pertain to her. She reads a written statement.

One, that her and her husband pays reduced taxes or no taxes at all. She gives her tax statements to Ben so anyone who would like to may come in and review them. Secondly, that they own thousands of acres of land in Apple Valley that she has hidden within an LLC and that they hope to benefit financially from the Mayor's position with the town. She offers a reward of \$25,000 for anyone who can prove she owns this land.
